

afficher_inventaire

afficher_inventaire
_manette

desequiper_slot

```
graph LR; A[afficher_inventaire] --> C[desequiper_slot]; B[afficher_inventaire_manette] --> C;
```

The diagram illustrates a functional dependency or call sequence. On the left, two rectangular boxes with red borders contain the text 'afficher_inventaire' and 'afficher_inventaire_manette' respectively. On the right, a gray rectangular box with a black border contains the text 'desequiper_slot'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both functions on the left are associated with or call the function on the right.
