

init_sousbuffer

rect_centre_rect

rect_centre_rect_y

```
graph LR; A[init_sousbuffer] --> C[rect_centre_rect_y]; B[rect_centre_rect] --> C;
```

A diagram showing two input boxes on the left, 'init_sousbuffer' and 'rect_centre_rect', both outlined in red. Two blue arrows point from these boxes to a single output box on the right, 'rect_centre_rect_y', which has a grey fill and a black border.
